

Submission Procedure for Oral Presentations and Posters

ALL MAIL RELATED TO SUBMISSIONS FOR SPEECH OR POSTERS GO TO submit22@clinam.org

1. Deadlines for Submissions of Abstracts

The Call for **oral presentations** closes on **February 10, 2022**. Posters can be sent until **March 4, 2022**. Later sent posters will not be included into the proceedings, however listed online. Poster submissions of Excellence shall be considered for oral presentation in the session “Small speeches” or in the regular programme. The letter that all poster submitters get, will contain all instructions, how to prepare the poster as original to include it online.

2. Topics for Abstracts

Clinical Topics:

Nanomedicine and targeted delivery and precision medicine for cardiovascular disease, rheumatic disease, oncology, gastro-intestinal/hepatic disease, bacterial infection, viral infection, parasitic infection, implantology, inflammation, hematology, diabetes, neurology, neurosurgery, orphan diseases, eye and ear disease, tuberculosis, HIV, etc.

Technology Topics:

Nanosystems, nanoparticles, nano-analytics, and diagnostics, toxicology, nano-imaging, targeted drug delivery, using nanoparticles, GMP and quality assurance, propositions for solving a medical problem in a novel way by the use of nanotechnology, novel concepts and ideas if they can be supported by thorough reasoning and could lead to novel research and solutions. Materials for use in nanotechnology and targeted medicine, concepts, diagnosis and therapy in the field of personalized medicine: clinical diagnosis and management on the individual patient's clinical signs and symptoms, medical and family history, and data from laboratory and imaging evaluation to diagnose and treat illnesses, genetic testing that leads to more personalized treatments. In addition, relevant novel tools for translational research and diagnostics are also of high interest, etc.

Implications Topics:

Implications of Nanomedicine for society, developing countries, environment, risks and benefits, public health finance, health economics, and other subjects, etc.

Strategy, Government, and Political Topics:

Strategy building and policy processes in nanomedicine. Strategic approaches towards establishing a unified funding area for nanotechnologies for medical research. Policy processes to foster leadership in Nanomedicine, regulatory authority topics, and financial and marketing matters.

Industry Topics:

Industry projects and solutions in Nanomedicine and targeted medicine, tools related to Nanomedicine, and targeted medicine. Industry models for the future large-scale production, Good Manufacturing Practice, etc.

Regulatory and Societal Affairs, Networking and Financing Topics:

Regulatory Issues in Nanomedicine, A.I. and digitalization, Strategy and Policy, The Patient's Perspective, Ethical Issues in Nanomedicine, University Village Presentations, Cutting-Edge EU-Project Presentations, networking for International Consortium Formation, Venture Funding, Fund Investment, and Business-Angel-Investment.

Exhibitors Topics:

Integrated interventions of exhibitors that are of high scientific or technical relevance and do not solely have the purpose of promoting the trademark. In virtual summits, the exhibitors are asked for video presentations of their premises that will be played in streamline during the breaks of the Summit.

3. Canon of CLINAM 2022

All abstracts must cover original research aimed at future or current applications of nanoscience and targeted medicine, including clinical trial designs, reports of ongoing and completed clinical trials, preclinical work, and technology papers with long-term clinical vision. All fields leading to the development of personalized medicine are also issues of great interest.

4. Submission Procedure (Sending Paper Abstract / Poster Abstract)

Abstract Send us your poster-abstract or oral presentation-abstract (Microsoft Word, RTF, or Open document file format, using Calibri, font size 11, single spacing, **NO PDF**). The submission must not be longer than 3 pages, including metadata and figures (one figure is obligatory). All illustrations, figures, and tables must be placed within the text at the appropriate points. Index your file as follows: [Last name.First name.abstract22.docx \(or RTF etc.\)](#)

Biography Please add in your mail as a separate document your NARRATIVE CV, max one page. (This is a Bio as story and not tabular, e.g., was born..., received..., went to. .) No more than 5 titles of recent publications can be included. Index your file as follows: [Last name. First name.CV22.docx \(or RTF etc.\)](#)

Portrait Photo Send us a head picture in gif or jpg, minimum 300 dpi. DO NOT COPY-PASTE THE PICTURE. Index your file as follows: [Last name.First.Name.Picture20.jpg \(or gif\)](#)

Sending your papers All correspondence, abstracts relating the Submission 2020 have to be sent to submiss22@clinam.org

5. Decision for Acceptance

The decision to accept or decline your work will be given as soon as possible but at the latest within 6 weeks after submission. You will receive a Decision-E-Mail, stating the acceptance or declination. Submissions for declined oral presentations are eligible for a poster presentation. In this case, you will be informed. Decisions of the Committee cannot be discussed.

6. Presentation Times, Size of Posters, Installation of Posters

Posters are to be presented in the size of 1.40 meters high and 1.00 meters wide, and for the virtual summit will respectively be downsized. After accepting the abstract, an original in A4 PDF will have to be sent for insertion into the website. Audio underlay is facultative.

7. Poster Prize

All posters are eligible to win a prize. A first second and third prize, awarded three times in the Categories **a) Basic Nanomedicine b) Translational Nanomedicine c) Nanotoxicology and Nanobiocharacterization**. **In this year's Virtual Summit the poster prizes are selected** by the jury before the summit and are published online on the first day of the Summit.

8. The Small Speeches

The committee will select poster presenters to give a short oral presentation in a special session, "Small Speeches," 4 minutes in length, presented in a zoom room with the possibility for direct oral questions and discussion. They must comprise three slides, • Slide 1: general introduction to the topic • Slide 2: some of the highlights of submitter's work and institution's work • Slide 3: the proof as to how the work fits into the area of Nanomedicine or Precision Medicine, including a glimpse into the future. Application for a short speech is only possible after your poster has been accepted. It is the CLINAM-Village Director, Dr. Ruth

Schmid, who will select speeches based on a committee's recommendation. The best 20 presentations will be accepted. To apply, write a mail to clinam@clinam.org indicating the institution, the person to be addressed, and full address & phone number. In the header line, write "APPLICATION FOR SMALL SPEECH."

9. Fellowship

ALL APPLICATIONS AND CORRESPONDENCE GO TO: Fellow22@clinam.org

The Fellowship reduces the prize for attendance to 100.00 and includes the full Summit-Ticket. Those receiving a fellowship must mandatorily submit an abstract of the proposed poster or talk. Attach abstract with your submission letter to CLINAM and justify the request for the fellowship. Add a reference letter by a superior of your organization. Fellowship Applicants receive a decision by email within 6 weeks after sending their submission. 60 fellowships are available.

10. Exhibition

Exhibitors can apply for a speech at the Summit. The decision of acceptance or declination depends on the scientific character of the presentation. When novel tools are presented, this cannot be done in a promotional way for the publicity of the trademark. The Scientific Committee decides, and the decisions cannot be argued. In the streamline Summit, your videos and promotion pages will be online and running in the breaks of the SUMMIT. Booking online https://clinam.org/?page_id=1492
